# german shepherd rescue

**£1,500  
needed  
NOW!**

**Life as Cassie sees it! .....**

6 months on a puppy farm, shut in a shed,  
A cardboard box and straw for my bed,  
Listening at night to the scurry of mice,  
**Life really was not nice!**

At 6 months I thought my saviour had come  
A new owner to love me and give me some fun  
But 12 months later I was given away  
I don't think I was bad - I have to say  
I know I wasn't, because I wouldn't have dared  
You see life in the shed had made me nervous and  
scared  
**Life really was not nice!**

My new home was busy and they worked all the time  
I wanted to be with them so would scratch and whine  
3 children to guard and protect was my role  
To bark and scare away strangers was my goal  
**Life really was not nice**

Banned to the kitchen for 12 months was my fate  
Always to wear a muzzle, which I really did hate  
What had I done wrong again, someone please advise  
**Life really was not nice!**

So now I am in kennels, where I am always on guard  
Life for a scared dog is really very hard  
I dream of a life where I can relax and play ball  
And lie in the grass with no worries at all  
**Life would really be nice!**

**Cassie now needs a quiet environment where she can build her confidence and learn to trust people again.**

**We want to provide that special place and let her have time to play with her ball and chase the wind - the sort of things dogs are born to do.**

**We have a foster home ready and waiting but we need a kennel and that is where we need your help!**

**We need £1500 to purchase the materials for this kennel and we have volunteers waiting to build it for us.**

**Are you able to make a donation or help us to fund raise? - every little helps!  
Donations can be made either by cheque or by visiting our website and clicking the donate button.**
